

SCHOOL OF MEDIA STUDIES

Potential Research Areas

- ❖ Environmental issues
- ❖ Health Sector
- ❖ Agriculture
- ❖ Energy.
- ❖ Plastic degradation
- ❖ Oil degradation.
- ❖ New antibiotics and alternative therapy to antibiotics.
- ❖ Nanoparticle synthesis and use of Nano particles
- ❖ Identifying new phytochemicals for their applications in health industry.
- ❖ Production of alternative fuels with less carbon foot print
- ❖ Biochemistry
- ❖ Biotechnology
- ❖ Genetics
- ❖ Molecular Biology
- ❖ Microbiology
- ❖ Bio-informatics
- ❖ Cell biology
- ❖ Protein Biochemistry
- ❖ Phytochemistry
- ❖ Nanotechnology
